

HUSQVARNA

COMPACTION

RAMMERS

LT 5005-9" / LT 6005-9" / LT 6005-11"

We are proud to introduce a full range of Husqvarna compaction equipment. These new products enable Husqvarna to support your business even more and supply you with the best equipment through the entire process – from ground compaction to a finished concrete surface.

ADVANTAGES:

- High compaction efficiency
- Easy-to-operate and perfectly balanced
- Service friendly
- Equipped with the latest Honda engine, GXR120, especially designed for rammers
- Low maintenance, low fuel consumption and low emissions

PRODUCT FEATURES:

- Air filter indicator and hour meter as standard
- Sealed fuel tank, multi-function throttle control (stop/idle/run)
- Easy access to all daily service points
- Efficient shock absorbers
